Club House is Open so bring the Chips, the Dips, the Desserts and Chairs!

Format of Play – Round Robin

Each player will be given a number which will be displayed on the White Board located on the bench near court #4. Every doubles team will play one game to 11 points – win by one point. When all courts have finished play, players will return to court #4 to hear the next round court assignments. The next round will be called by your numbers and another game will commence. This way every player will have an opportunity to play with those you may not know, yet.

Games with Referees - Players will play to 11 points, win by 1. Each match will have a referee who will call the score, non-volley faults and service foot faults. There are three questions a player may ask a referee. Players will be able to contest a line call by requesting a referee decision. If the referee saw the ball, his decision will be final. Two more questions a player may ask are, “Am I in the correct position,” and “Am I the correct server or receiver.” Takes the pressure off the players and used in sanctioned USAPA tournaments.
